BUSINESS INSIGHTS

01 — Revenue Performance

Furniture is the primary revenue contributor, generating ₹100.58 Cr, approximately 66% of total revenue. Lighting contributes ₹52.58 Cr, around 34%.

Business takeaway:

Furniture is the main sales driver, while Lighting has an opportunity to increase its contribution.

02 — Profit Performance

Furniture contributes ₹27 Cr of total profit compared with ₹13 Cr from Lighting, accounting for approximately 67% of total profit.

Business takeaway:

Furniture is not only generating higher sales but is also the stronger profit contributor.

03 — Monthly Revenue Trend

Monthly revenue shows noticeable fluctuations throughout the year. May records the highest monthly revenue, while February and November are among the lowest-performing months.

Business takeaway:

The business should investigate the factors behind peak-month performance and identify opportunities to improve weaker months.

04 — Product Performance

The Top 5 products by revenue and profit highlight a small group of products that contribute strongly to business performance.

Business takeaway:

These high-performing products should be monitored closely for inventory availability, pricing and continued demand.

05 — Delivery Performance

Average delivery time ranges from 4.30 to 4.68 days across courier partners. Ekart has the lowest average delivery time at 4.30 days, while Blue Dart has the highest at 4.68 days.

Business takeaway:

Courier performance is relatively close overall, but the difference can help inform future delivery-partner evaluation.
